Salary Survey

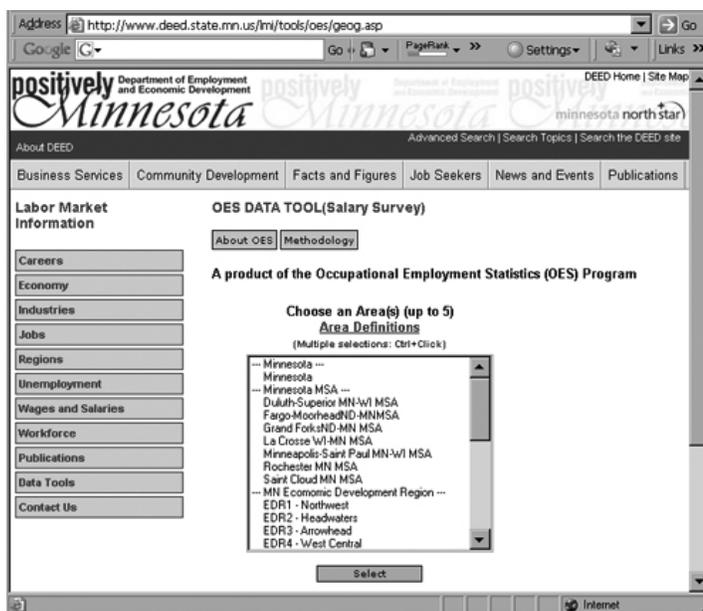

The survey conducted by the Minnesota Department of Employment and Economic Development, is designed to produce employment and wage estimates for approximately 800 occupation classifications. Comparable statistics are available for all 50 states, metropolitan statistical areas, and substate regions.

What can it provide for you?

- Employment estimates by occupation, state, metropolitan statistical area, and substate region.
- Average and median wage estimates and wage distributions (10th, 25th, 75th and 90th percentiles).
- Staffing pattern estimates for major industry groups.
- Used by employers as a wage-setting benchmark.
- Used by jobseekers and employment counselors in job search and career planning.
