Action Requested: Improve Goodrich Avenue between Mississippi River Boulevard and Cretin Avenue by grading and paving with brick, concrete curb and gutter, concrete driveway aprons and outwalks, boulevard landscaped with sod and trees, and a new lantern style lighting system. Repair of sanitary sewer, replace lead water services, and reconnect storm and sanitary sewer at property owner's request.																			
Recommendations: Approve (A) or Reject (R): _____ Planning Commission _____ CIB Committee _____ Civil Service Commission _____ _____ _____	Personal Service Contracts Must Answer the Following Questions: 1. Has this person/firm ever worked under a contract for this department? Yes No 2. Has this person/firm ever been a city employee? Yes No 3. Does this person/firm possess a skill not normally possessed by any current city employee? Yes No Explain all yes answers on separate sheet and attach to green sheet.																		
Initiating Problem, Issues, Opportunity (Who, What, When, Where, Why): The property owners (90%) on Goodrich Avenue between Mississippi River Boulevard and Cretin Avenue have requested that their street be repaved with brick. This street is being done as part of the Cretin-Goodrich Residential Street Vitality Project.																			
Advantages If Approved: General improvement of the public right-of-way will enhance and add quality to the neighborhood. The newly rebuilt roadway will improve drivability of the neighborhood and continue the City's efforts to improve the street system in Saint Paul. Brick streets and Lantern style lighting will enhance the block.																			
Disadvantages If Approved: Normal problems associated with construction such as noise, dust, and general disruption will occur.																			
Disadvantages If Not Approved: The pavement structure will continue to deteriorate, maintenance costs will rise, and the level of service provided by these streets will drop.
